

Marybeth DiAngelo

Marybeth has been a lifetime avid Equestrian. She began portraying her love of horses through artwork as a child. As a young adult, she competed in gymkhana events, the Watchung Troops and intercollegiate competitions, winning numerous championships.

Throughout college and beyond, Marybeth worked as an exercise rider and assistant trainer in the thoroughbred racing industry at racetracks such as Belmont Park, Saratoga, Gulfstream Park, Monmouth Park and the Meadowlands. She adopted her favorite thoroughbred racehorse named Approximate (Proxy.) Together, they have competed in Hunter/Jumper competitions, Combined Training events and Fox Hunts. Lately, however, they have been enjoying relatively quiet rides through the countryside.

Graduating with a BA in Psychology, Marybeth worked for a while as a mental health counselor. Afterward, she returned to work in the thoroughbred racing industry as the head of Horsemen's Relations at Monmouth Park. Marybeth feels that finding a part-time position at SPUR as a NAHRA Certified Riding Instructor has been most fulfilling and rewarding. She enjoys being able to share her passion of horses with the children and families at SPUR. She only wishes she had found SPUR sooner and had more time to spend here.

Marybeth resides in Matawan with her husband Joey and German Shepard dog named Gabi. In her free time, she and Gabi are learning to compete in agility competitions and to do pet therapy.
